

SPEEDI PLUMB PLUS™ ENGINEERED POLYMER BRAID CONNECTORS

The following alpha and numeric symbols make up the numbering information used to designate specific Speedi Plumb PLUS™ parts.

B 1 - 1 2 K C F

LETTER PREFIX

Indicates connector style.

- B-** Engineered polymer braid
- BE-** Engineered polymer braid, flare
- BL-** Engineered polymer braid, full-flow

FIRST DIGIT (Inlet Size)

Step or fitting outlet size.
Example: 1 = 3/8" O.D.

- 0-** 1/4" O.D.
- 1-** 3/8" O.D.
- 2-** 1/2" O.D.
- 3-** 1/2" O.D.
- 8-** 1/2" F.I.R.
- 12-** 3/4" Hose Thread

SECOND AND (IF NECESSARY) THIRD DIGIT

Connector length in inches.

Example: 12 = 12" connection length.

Standard Connection Lengths Include:

- 6", 8", 12", 18", 20", 30",
- 36", 48", 60", 72", 84",
- 96", 120"

LETTER SUFFIX (Outlet Style)

Connector outlet type.

- A-** Faucet nosepiece
- BL-** Toilet nosepiece
- DLM-** Metal nut toilet riser
- KC-** Faucet compression connection
- DW-** Standard dishwasher
- DW/S-** Dishwasher with 3/8" elbow
- WA-** Washing machine
- WA/90-** Washing machine 90° elbow
- IM-** Ice maker/transfiller

LETTER SUFFIX (Package Type)

- D-** Canded
- F-** Flag Label (with UPC number)

EXAMPLE

Applying the above codes to the example, the part number "B1-12KCF" designates the following:

- B-** Engineered polymer braid
- 1-** 3/8" O.D. Inlet
- 12-** 12" length
- KC-** Faucet compression connection outlet
- F-** Flag Labelled
